pay premiums corresponding to 10 percent of the fixed salary up to ten Swedish income base amounts and premiums corresponding to 20 percent of the fixed salary on the portion that exceeds ten Swedish income base amounts. These guidelines shall apply to the current employment agreement and to employment agreements entered into after a decision is taken by the meeting in respect of these guidelines.

16. Amendment of § 8 of the articles of association

The board proposes an amendment of the articles of association of the company in order to harmonize the rules in § 8 of the articles regarding notice procedure to general meetings of the company with the new rules that are expected to come into effect before the AGM in 2011.

Present wording: Notice of a general meeting shall be given through an announcement in Post- och Inrikes Tidningar and in Svenska Dagbladet.

Proposed wording: Notice of a general meeting shall be given through an announcement in Post- och Inrikes Tidningar and on the company's website. At the time of the notice, an announcement informing that the notice has been issued shall be published in Svenska Dagbladet.

The board further proposes that the AGM's decision on the amendment to the company's articles shall be made conditional on the change in means used to give notice of General Meetings laid down in the Swedish Companies Act (2005:551) come into effect, which would mean that the proposed wording of § 8 above would be in accordance with the Swedish Companies Act.

17. Authorization to repurchase own shares

The board proposes that the AGM resolves to authorize the board to repurchase the company's own shares, under the following conditions:

1. The share purchases shall be transacted via NASDAQ OMX Stockholm at a price within the registered price interval from time to time, which means the spread between the highest bid price and lowest ask price prevailing from time to time on the exchange.
2. Purchases may also be performed in accordance with an offer directed to all shareholders with a cash consideration not below the market price at the time of the offer and with a maximum upward deviation of 20 percent.
3. The company may only purchase so many shares that the company's holding of its own shares does not at any time exceed 10 per cent of all the shares in the company.
4. The authorization may be utilized on one or more occasions, however not longer than until the AGM in 2011.

The purpose of this mandate to repurchase shares in the company is to enable the board to adjust the capital structure and thereby generating a higher value for the shareholders.

18. Reduction of the share capital by way of redemption of repurchased shares and increase of the share capital by way of a bonus issue

The board proposes that the company's share capital is reduced by way of redemption of own shares. In order to effectuate such measure in an easy and time efficient manner, the board of directors further proposes that the company's share capital be increased through a bonus issue by an amount corresponding to the amount by which the share capital is reduced by way of redemption of own shares in accordance with the above. Therefore, the board proposes that the AGM resolves in accordance with the following proposals.

a) The board proposes that the AGM resolves that the company's share capital be reduced by an amount corresponding to the number of own shares held by the company as per 14 April 2010 multiplied with the quota value per share (EUR 0.1022), however not exceeding EUR 362,801.42, which corresponds to 10 percent of all shares in the company multiplied with the quota value. The reduction shall be effected through redemption of a maximum of 3,549,916 shares. The shares which are proposed to be redeemed have been repurchased by the company in accordance with the authorization given at the AGM 2009. The purpose of the reduction of the share capital is transfer to a fund to be used pursuant to resolution by the AGM.

b) The board proposes that the AGM resolves that the company's share capital be increased through a bonus issue by an amount corresponding to the amount the company has decided to reduce the share capital with according to 18 a) above through a transfer from the company's non-restricted equity and in addition thereto possibly increase the company's share capital in order to obtain an appropriate quota value. No new shares shall be issued in connection with the bonus issue. The share issue is effectuated in order not to reduce neither the company's restricted equity nor the share capital, which means that neither authorization of the Swedish Companies Registration Office nor, in disputed cases, a court of general jurisdiction needs to be obtained for the reduction of the share capital according to 18 a) above. Resolutions adopted by the AGM pursuant to items 18a) – 18b) above are to be adopted as one single resolution.

The effect of the board's proposal under item 18 b) above is that the company's share capital is reduced by an amount corresponding to a maximum of EUR 362,801.42. The effect of item 18 b) above is that the share capital is increased by the same amount through a bonus issue and is thereby restored to the same amount as prior to the reduction and in addition thereto possibly a further minor amount in order to obtain an appropriate quota value. The exact amount by which the share capital will be reduced by redemption of repurchased shares and by which it is increased by a bonus issue, respectively, will be stated in the board's complete proposal which will be available no later than on 14 April 2010.

Finally, the board proposes that the AGM resolves to authorize the company's CEO to make the small adjustments of the above resolutions that may be required in connection with the registration of the resolutions with the Swedish Companies Registration Office and Euroclear Sweden AB.
